What it does

- Scan credential cards, screenshots, and PDFs
- Organize licenses and certifications
- Track expiration dates
- See what needs attention next
- Log continuing education

- Track CE toward supported renewal requirements
- Keep credential documents attached to the record
- Share multiple credentials in one email
- Generate a professional credential packet
- Create a secure credential-sharing link

Credentials recognized at launch

NREMT EMT, NREMT AEMT, NREMT Paramedic, BLS, ACLS, PALS, PHTLS, ITLS, Neonatal Resuscitation Program (NRP), FP-C, CCP-C, Texas EMT, Texas AEMT, Texas Paramedic. Other credentials can be entered manually. CurrentCert does not issue, verify, or replace any credential.

Positioning

Every cert. One place.

Your credentials should go with you.

Most credential systems track the agency's record of you. CurrentCert keeps your professional record with you.
